## Pattern note:

When working in patt from chart, please note the following:

The number of sts varies whilst working the patt from chart on front and back. All st counts given presume there are 32 sts in each patt rep at all times.

Do **not** begin to work the sts for a heart motif unless the increases on chart rows 7, 8, 29 and 30 **and the corresponding decreases** on chart row 36 can be worked; these sts should be worked as rev st st instead.

The sections inside the heart shapes appear as g st BUT are **purl** every row.
